Hi Justin –

I'm filling in for Cynthia as she is unexpectedly out of the office on Agency travel. All of the comments the EPA received regarding the proposed addition of the CFAC site to the National Priorities List can be found online at <http://www.regulations.gov/#!docketDetail;D=EPA-HQ-SFUND-2015-0139>. If that link does not work, please go to www.regulations.gov and search for the following Docket ID: EPA-HQ-SFUND-2015-0139.

Please let us know if you have any other questions.

Thanks,
Rob

Hi, Justin.

I'm going to refer you to my counterpart at the state, Jeni Flatow. She should be able to direct you to the right person for information about the demolition activities taking place at the site.

Jeni Flatow

Since the review of public comments for the proposed listing of the site on the National Priorities List is being handled out of our headquarters, I think it would be best if someone there provides the information you are requesting about the number and type of comments that have been received. I will find the best contact there and send that information to you as soon as I have it.

Best regards,
Cynthia
